Education

CDAC, Acts, Pune

Feb 2025 – Aug 2025

PG-DAC (Post Graduate Diploma in Advanced Computing)

The LNM Institute of Information Technology, Jaipur

Aug 2019 – Jul 2024

B.Tech-M.Tech Integrated (Computer Science and Engineering)

Experience & Projects

E-Valuation

GitHub

A real-time technical interview platform for remote hiring and candidate evaluation.

- Developed using Java Spring Boot (backend) and ReactJS (frontend).
- Implemented secure JWT authentication and WebSocket-based real-time communication.
- Integrated Monaco Editor, Judge0 API for code execution, and ZegoCloud for video calls.
- Provided video calls, collaborative code editor, live chat, and multi-language code compilation.

SpringCart

GitHub

An e-commerce platform enabling online shopping and inventory management.

- Built using Spring MVC, Hibernate, and JSP with layered architecture.
- Designed and implemented product browsing, cart management, and order placement modules.
- Provided admin functionalities for product and inventory management.
- Ensured smooth data persistence with Hibernate and dynamic pages with JSP.

Skills

Programming Languages: Java, C++

Web & Frameworks: Spring Boot, Spring MVC, Hibernate, JSP, ASP.NET, REST APIs

Databases: MySQL

Tools: Git, GitHub

Concepts: Data Structures & Algorithms

Problem Solving: LeetCode, Codeforces

Achievements

- Solved over 500 coding problems on LeetCode and Codeforces, strengthening problem-solving and algorithmic thinking.
- Solved over 300 problems as a Chegg Expert in Computer Science domain.

Interests

Gaming, Cooking
